Protect Our Communities Foundation
P.O. Box 141
Mount Laguna, CA 91948

Dear Mr. Hogan:

This is a partial response to your Freedom of Information Act (FOIA) requests of May 11, 2009 and September 3, 2009. The enclosed CD contains records responsive to your request for information documenting communication between the Forest Service, San Diego Gas and Electric, Sempra Energy, the Bureau of Land Management, and the Department of Energy regarding construction of the Sunrise Powerlink across the Cleveland National Forest and the extent of supplemental environmental review for the period between December 1, 2008 and September 3, 2009.

We do not have any records documenting communication between Latham & Watkins and this office between December 1, 2008 and September 3, 2009.

We do not have any records documenting communication between David J. Hayes and this office between December 1, 2008 and September 3, 2009.

We are reviewing our internal communication and will have a response prepared by November 13, 2009.

Your September 3, 2009 request included records for two additional items. Your request included records of any communication received by this office from the general public, elected officials, businesses, community or other organizations expressing either opposition or support of the project. Copies of those letters are enclosed.

In response to your September 3, 2009 request, we are reviewing our permit files for documents related to any incident in the last 10 years that would document instances where SDG&E may have affected sensitive resources in violation of their permit. We will provide an update of our review by November 13, 2009.

Please contact Bob Hawkins at 707-562-8699 or rhawins@fs.fed.us if you have any questions regarding this response. When inquiring about your request please reference case number 009-012.

Sincerely,

A handwritten signature in cursive script, appearing to read "William Metz".

WILLIAM METZ
Forest Supervisor
